

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

# REPORT.

OFFICE OF THE STATE BOARD OF ASSESSORS,  
TRENTON, N. J., October 31, 1904.

*To the Legislature of New Jersey:*

Part II of the annual report of the State Board of Assessors for the present year is, for the same reasons set forth in the annual report for the year 1903, devoted entirely to matters pertaining to the assessments levied against Miscellaneous Corporations, under the act of April 18, 1884, and its supplements; to the assessment and apportionment of franchise taxes levied under act of March 23, 1900, and its supplements, upon Corporations using or occupying the public streets or highways; and to the assessments levied against Foreign Corporations, under the act of March 29, 1904 (Chapter 221, P. L. 1904).

## MISCELLANEOUS CORPORATIONS.

During the past year assessments have been levied against 10,013 corporations, amounting to \$3,663,589.96 tax, classified as follows:

1 Electric light company, .....	\$47 32
3 Life insurance companies incorporated in New Jersey, ..	243,304 30
1 Parlor, palace or sleeping car company, .....	2,435 69
6 Express companies, .....	1,078 43
10,002 Companies taxed upon capital stock, .....	3,416,824 22

---

10,013

\$3,663,589 96

The chief ground for these appeals arises from the fact that the corporations, having failed to make proper returns as required by law, were assessed upon the full amount of their authorized capital stock in default of such returns. This condition occurs year after year, despite the utmost endeavors of the Board to secure the required returns. During the past year more than 15,000 notices were sent to this class of corporations, enclosing proper blanks for returns, and more than 5,000 duplicate notices were likewise sent to delinquent corporations. It can be readily seen, therefore, what a vast amount of clerical work is required to be done on account of the failure of these corporations to make proper returns.

Under the existing law, by taking a writ of certiorari to the Supreme Court, the tax is reduced from that assessed on the full amount of the authorized capital stock to the amount of capital stock actually issued and outstanding on the first day of January preceding the assessment. If all corporations made their returns as required by law, and in proper form, there would be no necessity for these writs of certiorari, and thereby the extra work entailed upon the Board by these proceedings would be avoided.

We would respectfully recommend to the Legislature that the act concerning the taxation of Miscellaneous Corporations be so amended that where a corporation fails to make proper returns as required by law, and the assessment, being levied in default, is afterwards reduced upon certiorari proceedings, that a penalty of some character should be exacted from such corporation.

As an evidence of the extent to which corporations resort in pursuing this course, we append a list of the corporations which have been allowed writs of certiorari by the Supreme Court since January 1, 1904:

The foregoing table shows that the number of taxable corporations in 1904 was 564 in excess of 1903. This, however, represents simply the *net* increase, the Governor having, on January 5, 1904, by proclamation, forfeited the charters of 1,161 corporations for non-payment of taxes of previous years, so that the assessments for the year 1904 include the taxes levied against 1,725 *new* corporations.

### MUNICIPAL FRANCHISE ACT.

Assessments based upon returns made were levied against 263 corporations and four individuals, amounting in the aggregate to \$448,959.50, tax classified as follows; (the increase in tax over 1903 being the sum of \$40,632.72) :

## FOREIGN CORPORATIONS.

Since our last report the Legislature passed an act entitled "An act for the licensing and taxation of foreign corporations," being Chapter 221 of the Laws of 1904, approved March 29, 1904.

Under this act it is made the duty of the Secretary of State to certify and report to our Board a list of the foreign corporations that have received certificates of consent to carry on business in the State of New Jersey. In accordance with this provision, the Secretary of State reported 1,595 foreign corporations who had thus received certificates.

To each one of these corporations our Board sent a copy of the law, and a blank form of return drawn in accordance with the act, to be filled up, signed and returned to our Board. On this return it was, among other things, specifically required that each corporation should make a statement, under oath, showing the amount of gross receipts of such foreign corporation for business done in the State of New Jersey during the year ending December 31 next preceding.

The required returns were made by 664 foreign corporations, and upon such returns the corporations were either marked "No tax," or assessed, as the facts shown by the return warranted; 931 corporations failed to make any return whatever, which fact was reported by this Board to the Secretary of State, as required by the act, for the purpose of revocation of their licenses.

Of the 664 corporations making returns, 285 were marked "No tax" upon presentation of their returns to the Board. In some instances these returns showed that no business at all had been done by the corporation in the State of New Jersey during

with our Board within the statutory period of three months from the date of certification of the assessments to the State Comptroller, two of which petitions were denied and one withdrawn.

Of the cases appealed, 62 were reduced in accordance with the provisions of the act which authorizes the State Board of Assessors to adjust the assessments levied to conform to the rate or rates of tax annually imposed by other States, Territories or Foreign Countries upon corporations of this State similarly doing business therein.

In 256 cases of appeal the tax was cancelled; in nearly every one of which cases the ground upon which this Board was asked to cancel the tax being that, under the laws of the United States, the State of New Jersey had no right to tax inter-state commerce, and that business done through the medium of orders secured by traveling salesmen, subject to approval at the home office, or by orders received through the United States mail (the goods in either instance being shipped directly from such home office), was not "business done in the State of New Jersey" within the meaning of the act.

As the granting of an appeal upon these grounds meant the cancellation of \$285,117.45 tax, our Board deemed it advisable to submit the questions involved to the Attorney-General, who advised us that in his opinion business of the character named was not "business done in the State of New Jersey" within the meaning of the act. Our Board was, therefore, powerless, under the law, to do other than cancel the assessments thus made.

The sixty-two assessments reduced on review to conform to the rate or rates of tax imposed by other States upon New Jersey corporations similarly doing business therein amounted to the sum of \$172,493.20, making the total amount of tax either cancelled or reduced on appeal the sum of \$457,610.65.

As the total tax assessed was the sum of \$470,213.51, the net

Tax collected to close of fiscal year (October 31st, 1904), \$3,611.17.

From the foregoing statement it can be seen that the net results of this act have not met the expectations of its framers. Very many corporations transact business upon a margin of profit not exceeding 5 per cent. upon the amount of business done, and it would, therefore, seem that a tax of 5 per cent. upon gross receipts is excessive.

Furthermore, in the opinion of our Board this act is, in a retro-active way, liable to work an injury to New Jersey corporations. Numerous inquiries have come from the officials of other States as to the nature and scope of our act, in order that retaliatory legislation may be passed by such other States with respect to New

nature and scope of the legislation directed against corporations organized under our laws and incidentally doing business in New Jersey."

The very liberal provisions of the General Corporation Act of New Jersey attract many corporations to organize under its laws, and the resulting benefit to our State is shown by the large surplus in the State Treasury. Under these circumstances our Board therefore feels it a duty to call the attention of the Legislature to these facts, believing, as we do, that the present law will result in retaliatory measures being taken by other States, thereby forcing corporations incorporated under the laws of New Jersey to seek other States for their legal residences. We therefore respectfully recommend to the Legislature the repeal of this act, or at least such an amendment thereto as will eliminate its drastic features.

## CHAPTER 221.—LAWS OF 1904.

AN ACT for the licensing and taxation of foreign corporations.

*BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:*

1. Every foreign corporation organized for pecuniary profit, except banking, insurance, ferry and railroad corporations, express companies, parlor, palace or sleeping car companies, surety companies, and corporations using or occupying public streets, highways, roads, or other public places in this state, shall file in the office of the Secretary of state a copy of its charter, or certificate of incorporation, attested by its president and secretary, under its corporate seal, and a statement attested in like manner of the amount of its capital stock authorized, and the amount actually issued, the character of the business which it is to transact in this state, and designating its principal office in this state, and an agent who shall be a domestic corporation, or a natural person of full age, actually resident in this state, together with his place of abode, upon which agent process against such corporation may be served, and an agency so constituted shall continue until the substitution by writing of another agent; such corporation shall at the same time file with the secretary of state a statement or report similar in all respects to the statement or report, if any, that is authorized by the laws of the state, territory or country in which such company is incorporated of corporations of New Jersey before they are allowed to transact business in such state, territory or country; upon the filing of such paper or papers, and the payment of the fee required by law, and such further and additional sum, if any, as corporations of New Jersey are required by the laws of the state, territory or country where such corporations are incorporated to pay, before they are allowed to transact business in such state, territory or country, the secretary of state shall issue to such foreign corporation a certificate that it is authorized to transact business in this state, and that the business is such as may be lawfully transacted in this state, and he shall keep a record of such certificates issued; it shall not be lawful for any such corporation to transact any business in any manner whatsoever, either directly or indirectly within this state, or to maintain any action or suit in this state upon any contract

this state, without having first obtained and continuing to hold the certificate aforesaid, shall likewise forfeit for each offense to the state the sum of two hundred dollars, to be recovered with costs, in the name of the state, by the attorney-general.

2. On or before the first Tuesday of May in each year after the issuing of the certificate aforesaid, every foreign corporation so receiving such consent shall report to the state board of assessors upon blank forms, to be prepared for that purpose, and to be mailed by the state board of assessors to the registered agent of such company, a statement duly verified by the president, secretary or treasurer of such foreign corporation, showing the amount of gross receipts of such foreign corporation, for business done in the state of New Jersey during the year ending December thirty-first next preceding; if such foreign corporation shall fail or neglect to file such annual certificate or statement so verified, on or before the first Monday of June following the date hereinabove provided for such filing, the state board of assessors shall, in writing, forthwith notify the secretary of state of such failure, and it shall be the duty of the secretary of state to forthwith revoke the certificate of authority of such corporation to do business in this state, notice of which revocation shall be given by the secretary of state to the corporation affected; upon the statement so made as aforesaid, the state board of assessors shall annually levy for said purposes a tax at the rate of five per centum per annum upon the amount of gross receipts from business done in the state of New Jersey as aforesaid by each of said foreign corporations, respectively, and shall make report of such assessment to the comptroller of the treasury, who shall collect the same in the same manner as the annual franchise tax on domestic corporations is now collected; *provided, however*, if it shall be shown to the satisfaction of the state board of assessors, upon appeal by such corporation, that the laws of the state, territory or country under which any such corporation is organized, exacts a tax at a less rate from corporations of this state similarly doing business in such state, territory or country, then, and in that case, the state board of assessors are hereby authorized to review and readjust the assessment levied against such foreign corporation to conform to the rate or rates of the tax annually imposed by such other state, territory or foreign country upon corporations of this state similarly doing business therein; *provided further*, that any appeal to the state board of assessors for review and readjustment of an assessment levied under the provisions of this act shall set forth the grounds of complaint, under oath, and shall be filed in the office of said state board of assessors within three months from the date of certification of said assessment to the comptroller of the treasury, or otherwise the right of appeal shall be deemed to have been waived; the provisions of this section shall not apply to any foreign manufacturing or mining corporation, at least fifty per centum of whose capital

it within this state; in the event of the failure or neglect of any such foreign corporation to pay such assessment on or before the first day of November next following such assessment, immediate notice thereof shall be given by the comptroller of the treasury to the secretary of state, and the certificate of authority of said corporation to do business in the state of New Jersey shall be immediately revoked by the secretary of state, notice of which revocation shall be given by the secretary of state to the corporation affected, and thereafter such foreign corporation shall be, so far as the further transaction of business within the state of New Jersey is concerned, in the same condition as if no certificate of authority had ever been issued to it by the secretary of state; the said assessment shall be and remain until it is paid a lien upon the property real and personal of said corporation within the state of New Jersey, and interest shall be payable thereon at the rate of one per centum per month from the first day of July in each year; the amount so assessed, with interest, may be recovered in the same manner as taxes against domestic corporations are now collected, or at the option of the attorney-general may be sued for by him and collected in an action at common law, for the benefit of the state, and an injunction may be obtained against the further prosecution by said corporation of its business or franchise within this state, as provided in the case of domestic corporations.

3.
